

Mold Releases Application Guide

Product #	Sprayon Product	Can be used in Post Decorating Applications	Wet or Dry Application	Temp Rating	% Active Ingredients	O.D.P.%	Chlorinated Solvents	FDA
S00302	General-Purpose Mold Release		WET	Stable up to 550° F.	2%	None	None	•
S00303	Food Grade Silicone Mold Release		WET	Stable up to 550° F.	3%	None	None	•
S00305	Heavy-Duty Silicone Mold Release		WET	Stable up to 550° F.	4.8%	None	None	
S00315	Urethane & Styrene Silicone Mold Release		WET	Stable up to 550° F.	2%	None	None	
S00307	Heavy-Duty Paintable Mold Release	•	WET	Stable up to 550° F.	2.5%	None	None	
S00309	Paintable Mold Release	•	WET	Stable up to 550° F.	1.2%	None	None	
S00311	Dry Film P.T.F.E. Mold Release	•	DRY	Stable up to 575° F.	5%	None	None	
S00312	Dry Powder Zinc Stearate Mold Release	•	DRY	Stable up to 450° F.	5%	None	None	
S00314	Paintable Lecithin Mold Release & Lubricant	•	WET	Stable up to 350° F.	5%	None	None	•
